FLUX CONNECT-Illuminated Cable for Sync / Charging

DB-600103-010-W
4016032323181

Stylish animated lights for the visual indication of the loading process and the correct connection.

The FluxConnect sync/charger cable indicates the charging process via a moving "chain of lights". If the Apple iPhone or the iPad is connected, the animated EL-Light simulates the current electrical flow and illuminates the cable in bright colours. The flow is shown physically correct from the initial device to the mobile device. With the illuminated FluxConnect cable you will find your charging device also during darkness.

PACKAGE CONTENT

- Charging cable
- Connector 1: Apple Dock, plug
- Connector 2: USB A, plug
- USB compliance: USB 2.0
- UL certified: non UL
- Hoods: molded
- Shielding: double shielding
- AWG: 28
- Wire material: CU
- Connector surface: nickel-plated
- Color cable: white
- Color connector: white
- Length: 0.9m

Made for iPod iPhone iPad
